COUCHS, COLDS, HOARSENESS, BRONCHITIS, WHOOPING-COUGH, CROUP, ASTHMA, AND CONSUMPTION.

Of all the numerous medicines extant, (and some of them valuable) for the cure of pulmonary complaints, nothing has ever been found which could compare in its effects with this Preparation. Others cure sometimes, but at all times and in all diseases of the lungs and throat where medicine can give relief, this will do it.
It is pleasant to take, and perfectly safe in accordance with the directions. We do not advertise for the information of those who have tried it but those who have not. Families that have known its value will not be without it. and by its timely use, they are secure from the dang-rous consequence of Coughs and Colds which neglected, ripen into fatal consumption.

The Diploma of the Massachusetts Institute
was awarded to this preparation by the Board of
Judges in September 1-47; also, the Medals of
the three great Institutes of Art, in this jountry; also the Diploma of the Ohio Institute at Cincinnati, has been given to the CHERRY PECrorat, by their Government in consideration of its extraordinary excellence and usefulness in curing affections of the Lungs and Thront. Dr J. C. Ayer, - ST. JOHNS, May 8, 1851. Five years trial of your CHERRY PECTORAL, in my practice, has proven what I foressw from its composition, must be true, that it eradicates and cures the colds and coughs to which we in this section, are peculiarly liable.

I think its equal has not yet been discovered. nor do I know how a better remedy can be made for the distempers of the Threat and Lungs.

J. J. BURTON, M. D., F. R. S. See what it has done on a wasted constitution, not only in the following cases, but a thousand Supaury, Jan. 24th, 1851. Dr Ayer; In the month of July last I was attacked by a violent diarrhoun in the mines of California. I returned to San Francisco in hope of receiving benefit from a change of cli-mate and diet. My diarrhoa ceased, but was allowed by a severe cough-and much soreness I finally started for home, but received no len-efit from the voyage. My cough continued to grow worse, and when I arrived in New York, I was at once marked by my acquaintances as a victim of consumption. I must confess that I eaw no sufficient reason to doubt what my friends all believed. At this time I commence taking your truly invaluable medicine with lit-tic expectation of deriving any benefit from its use. You would not receive these lines did I not regard it may duty to state to the afflicted, through you, that my health, in the space of eight months, is fully restored. I attribute it to the use of your CHERRY PECTORAL.
Yours truly, WILLIAM W. SMITH.

Pear Sir: Feeling that I have been spares from a premature grave, through your instru-mentality by the providence of God, I will take the liberty to express to you my gratitude. A cough and the alarming symptoms of Consumption had reduced me too low to leave me saything like hope, when my physician brought me a bottle of your "Preronat." It seemed to afford immediate relief, and now in a few weeks time has restored me to sound health.

If it will do for others what it has far me, you are certainly one of the benefactors of mankind Sincerety wishing you every blessing, I am Very respectfully yours.

Messrs. Baker, & Co.: DEAR SIRS-The public generally are fully aware of the thousands of remedies for Disased Lungs, under the titles of Sarsaparillas, Pills, Plasters, Liniments, &c., that are daily brought to their notice through the newspapers, by way of advertisements. My object in wri-ting this note for publication, is to induce the public, or at least those who are afflicted (if they will use patent medicines,) to use one that contains articles of real use in Pulmonary Diseases. I am conscious that, in so doing, I am acting most unprofessionally, and derogatory to the interests of medical science and the regular

practitioners of medicine.

The Medicine to which I refer is, "Dr. Hall's Bulsam for the Lungs." I have prescribed it in a large number of cases, and always with success. One case in particular, to which I wish now to refer, was given up by several Physicians who had been called in consultation with myse f. The Patient had all the symptoms of confirmed consumption, such as Cold Night Sweats, Hectic Fever, Harnssing Cough, with continued pain in the lobe of the Right Lung, attended with severe Diarrhou! senced immediately to get better, by the use of the above named medicine, and was soon Res-tored to his usual health!
